

# GRETA GERELL in Word and Picture

**Greta Gerell's** (1898 – 1982) sober exhibitions at the Gallery "Färg och Form" has become etched into my memory. When I the other year read in the Royal Swedish Library's "Krönikan" that her correspondence with the couple Gippius-Merezjkovskij was subject to a research project in the US, I became curious about her even as person.

As a result of these researches STUDIO L<sup>2</sup> has the pleasure to present **an exhibition with the works of Greta Gerell and also publish a book\*** With Greta's own words about her life and art, growth at Östermalm, the artistic life in Paris, the meeting with Harriet Bosse....

STUDIO L<sup>2</sup> acknowledges Greta Gerell's Foundation for a very active collaboration.
